

Journal of Chinese Medical Acupuncture Science

Instructions for Authors

1. This journal welcomes all Chinese or English language articles related to Chinese medicine or acupuncture. These should be original contributions, and not contain material previously published or material which will be published elsewhere.
2. This journal accepts original papers, case reports, review articles, special articles, brief communications, Chinese medicine intelligence, and correspondences. The right to revise, accept, and reject submissions is reserved by this journal.
3. Upon publication, copyright for the accepted manuscript is automatically transferred to the Journal of Chinese Medical Acupuncture Science and may not be reprinted elsewhere unless permission has been obtained from this journal.
4. Submission of exclusive original material or extensive in-depth literature analysis should follow trends in academic development and custom formatting. Research articles should be organized in order of introduction, materials and methods, results, discussion, and references. Case study reports should be organized in order of introduction, case study, discussion, and references. Please attach a 600 word Chinese or 400 word English abstract. Please submit both the original and a photocopy.
5. Manuscripts should be separated into the following sections:

Title page: Should include title, running title of 16 words or less, author's name and organization. Contact information should include name, address, telephone, fax number, and email address. Please use Arabic numerals in superscript to the right of names of additional authors to indicate different hospitals or organizations. For example:

Wan-yu Li¹ Min-nan Chen²

1 Chinese Medical Department, Taichung Veterans' Hospital

2 Chinese Medical Research Center, Ministry of Health, Executive Yuan

Abstract: Should include title, abstract, and 3-5 keywords. As submissions begin with this page, please to do not include author's name or organizational information so as to protect objectivity of the reviewers.

Article: Should include introduction, materials and methods, results, discussion, acknowledgements, and references.

Clarification of charts and illustrations: A separate type written page can be placed at the end of the article to explain charts and illustrations.

Translated abstract: Chinese articles should include an English abstract and vice versa. The first copy should include the title, author's name, organization, abstract, and keywords. Two additional copies should only title, abstract, and keywords (in order to maintain objectivity of reviewers do not include author's name or organization).

6. All pages must be typewritten from left to right on A4 size paper. All sections including charts, figures, references and so on should be double spaced. Top, bottom, left and right margins should be 2.5cm.
7. For English articles align text left. It is not necessary to align the text with the right column. Use Arabic numerals except for full sentences.
8. Units of measurement should be expressed using the metric system, i.e. cm, ml, Kg, Kcal, 37°C, msec, mm², and so on. Chemical substance amounts should be expressed in mol and concentrations in mol/l or M. Also mg/100ml or 100mg/dl can be used. For radiation measurements use Bq for becquerel units and Ci for curie units. For vibration rates use Hz for hertz units.
9. References should be cited with square brackets in the text and listed by the order of appearance in the text. Consult Index Medicus. For journal articles include the title, author's name, journal name, publication date, and volume number. For books please include title, author's name, chapter title, chapter author, revision date, place of publication, copyright, and publication date. If the authors are less than six, please include all the names. For more than six authors, include the first three names followed by et al. If the original source is in a foreign language, please use the translated title or use romanization followed by original language. For example: In Japanese.

Examples:

1. Australian Bureau of Statistics. (1991). Estimated resident population by age and sex in statistical local areas, New South Wales, June 1990 (No. 3209.1). Canberra, Australian Capital Territory: Author.
 2. Nobel, E. G., & Taylor, A.W. (1992). Biochemistry and physical activity. In C.Bouchard, B. D. McPherson, & A. W. Taylor (Eds.), *Physical activity sciences*(pp. 51-55). Champaign, IL: Human Kinetics .
 3. Beare, H. (1988). Enterprise: The new metaphor for schooling in a post-industrial society. In T. Townsend (Ed.), *The primary school in changing times: The Australian experience* (pp.3-20). London: Routledge.
 4. Hoy, W .K ., & M iskel, C .G . (1996). *Educational administration: Theory, research, and practice* (5th ed.). New York: M cG raw H ill.
 5. Australian Sports Medicine Federation. (1986). *The sports trainer: Care and prevention of sporting injuries*. Milton, Queensland: The Jacaranda Press.
10. Leave a single space after commas, periods, colons, and semi-colons. Leave a single space before left side brackets ([), ((), or quotation marks (' "). Leave a single space after right side brackets (]), ()), or quotation marks (' ").
 11. All charts should be on separate sheets of paper in order of appearance. Avoid using a frame around the chart. To clarify please use the symbols *, +, \$, |, =, ** in the legend.
 12. For illustrations provide three sets of glossy prints, separated into envelopes. On the back of each give the figure number and the title and indicate the top of the figure with an arrow. Size

should be 5x7 inch (127x173mm). For optical or electron microscopy please indicate staining methods, magnification, and ratio. Please save the images to cd-rom.

13. In order to minimize errors, please provide an IBM PC Microsoft Word file on diskette, cd-rom, or email attachment. Please do not include any other scripts with the material, such as (.com) or (.exe), and beware of viruses.
14. Manuscripts will be examined and published in successive order. For immediate review the cost must be covered by the individual.
15. The cost of image replacement, English editing, and color printing must all be covered by the author.
16. Authors, except for correspondences, can receive three copies of the journal upon acceptance. Additional copies can be printed at cost. Please indicate the desired quantity when submitting an article.
17. For more details please consult the Uniform Requirements for Manuscripts Submitted to Biomedical Journals, Ann Intern Med 1997; 126: 36-47 published by the International Steering Committee.
18. Submissions should include three copies (one original and two copies). Also include one copy on diskette or cd-rom.

Journal of Chinese Medical Science

Purpose

This journal is committed to quickly publishing both domestic and international articles related to Chinese medical acupuncture research, development, clinical applications, technology, and theory. Our purpose is to elevate the standards of Chinese medical acupuncture. In addition to original articles, this journal welcomes review articles, technological developments, and case studies which meet the above stated purpose.
